THE LIVER QUARANTINE

"TAKING HIS MEALS OUT."

Hurried eating has ruined many a man's stomach. The digestion-destriving process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ill men who endeavor to economize time at the expense of their health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness.

In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fitly described as "Prosperity Valley." The timber is becoming more valuable all the time for the reason that timber people from the North (where the supply of timber is fast diminishing, are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequal for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled; taxes are low, the title is perfect and the man who buys Delta farm and timber lands at large prices is making a great investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to 10,000 acres to the tract and prices from \$5 per acre to \$10 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to the same withdrawal from market or change in price without notice. However, when notified, they will hold any tract out of market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.
